## Quality to the Core™

At Boggiatto, this isn't just a tagline – it's our commitment to provide the best product, at the best price, with customer service you can count on. It emanates from an agricultural heritage that stretches back to the 1880s and another 25+ years of service as Boggiatto Produce. It's a triad built on product quality, sustainability, and food safety.

Iceberg Babies® are perfect for foodservice and that's not a surprise because we developed them with input from chefs across America. They tell us these Babies preserve their signature crunch and maintain their structure. That means they're stable enough for use as a bowl or wedge, yet can easily be separated into leaves for wraps or cups.

## How can I buy Iceberg Babies?

Order through your regular produce distributor. If your distributor doesn't carry our products, have them call us at (831) 424-4864. If needed, we can also direct you to another local distributor that carries them.

# The Size is the Sizzle!

In restaurants across America, heads are turning when kitchen doors open and Garden Hearts® Iceberg Babies® make their entrance. Small enough to fit in the palm of your hand, they're definitely a handful – of creative inspiration!

Fill 'em! Slice 'em! Wrap 'em! Wedge 'em!

Whether reinventing a classic like the ever-popular Cobb Salad or creating something brand new like our Seviche, these Babies will take your menu from ordinary to extraordinary. And remember – we developed them, so if they're not from Boggiatto Produce, they're not Iceberg Babies®.

“At Boggiatto Produce, we can make our Quality to the Core™ promise because our team is committed to it. We use the very latest equipment to help us do our job, but we're hands-on each step of the way, ensuring the produce you buy is the very best Mother Nature has to offer.
